

# Astro-Bubble Green™

## Recycled Content Bubble

Pregis Bubble

Astro-Bubble Green contains a minimum of 25% post industrial recycled content to provide high-quality, durable protective air cushioning for surface cover, packing fragile items, and void-fill.

Astro-Bubble Green air cushioning bubble is designed to incorporate high levels of recycled content without losing product integrity, which provides the value our customers expect and moves us closer toward Pregis' own sustainability goal to use resources wisely.

## Protect beyond the box.

Astro-Bubble Green air cushioning bubble helps address the growing need for more sustainable packaging options. The distinctive light green color is transparent for easy product identification, and serves as a symbol of our "green" product.

- Minimum of 25% post industrial recycled content to reduce landfill waste
- Light green color promotes purchases of recycled content products
- Manufactured using reusable polyethylene resin
- Environmentally-sensible and recyclable
- Superior cushioning and optimal surface protection

Deliver the right packaging protection

Cost-effective

Minimizes environmental impact

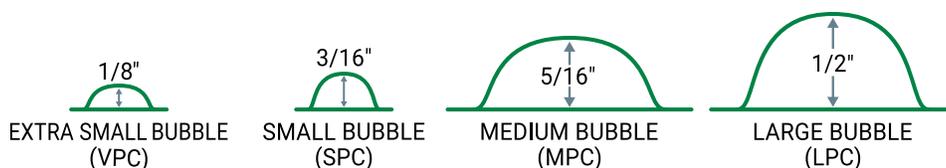

Recycle Pregis Astro-Bubble® at store drop-off locations across the country

# Designed to fit your needs

Cushioning | Surface Protection | Interleaving | Void Fill

Pregis understands that today, more than ever, companies are in need of cost-effective, strong and reliable protective packaging products that minimize damage to a wide variety of goods during transit. Astro-Bubble Green air cushioned bubble is available in rolls of small ( $\frac{3}{16}$ "), medium ( $\frac{5}{16}$ " ) and large bubble ( $\frac{1}{2}$ " ) in a range of widths and lengths to provide to you the best protective air cushioning available, whatever your needs.
