

# Pregis

## Advanced Automated Solutions

### Automated Ready Rolls

## Rightsized Mailers, On-Demand

Designed with the same high-quality and sustainable attributes Pregis EverTec® and Poly Lite® mailer product lines are known for, Pregis Automated Ready Rolls allow you to create rightsized mailers for your unique mix of products. Compatible with standard variable-length mailing equipment, these materials will streamline your operations and reduce labor strain while supporting your diverse product fulfillment needs.

### Poly Lite Non-Cushioned Automated Ready Roll

- Store drop-off recyclable, white-gray film with high-puncture resistance
- Custom print available

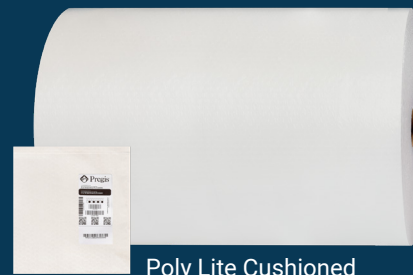

### Poly Lite Cushioned Automated Ready Roll

- Low-gloss, white-capped bubble film
- High-puncture resistance and performance sealing
- Also available in metallized bubble material
- Custom print available

### EverTec Non-Cushioned Automated Ready Roll

- Kraft paper construction that is curbside recyclable where recycling systems exist
- Custom print available

| Material | Roll Width | Roll Length | Print<br>(call for quote) | Lbs/<br>Roll |
