EverTec Ready-to-Pack Mailer Suite

Built to Deliver Sustainably Rightsized Savings.

Pregis EverTec® Mailers are the curbside recyclable, durable, rightsized answer to small box replacement. Built to amplify output and achieve sustainability goals, EverTec Mailers deliver for your fulfillment operations.

- **Easy recycling:** Deemed 'curbside recyclable' under the Western Michigan University Old Corrugated Container Equivalency protocol
- **Product-appropriate protection:** Available in cushioned and non-cushioned formats to align protection to application
- **Flexible rightsizing:** Gusseted and wicketed configurations flex with product mix and workflow needs
- **Shipping efficiency:** Multiple sizes support rightsizing, helping more packages to fit on every truck
- **Designed for packing speed:** Flexible yet rigid construction simplifies manual packing and increases throughput
- **Durable, stand-up performance:** Constructed to provide protection against moisture and strenuous shipping environments
- **Premium branding:** Custom printing supports brand differentiation and delivers a high-impact customer experience
- **Responsibly-sourced packaging:** Bears the Sustainable Forestry Initiative® (SFI) Certified Sourcing label denoting responsible origins of the kraft paper used in their durable construction
- **Packaging with a Purpose:** As a Pregis Inspyre™ product, 1% of sales from stock EverTec Mailers supports the Uzima Clean Water Mission as part of the 1% for the Planet initiative

4x Faster

- **Material Savings**
- **Freight Savings**
- **Higher Throughput**
