

Furniture Guard® bags

Pregis centerfold laminations form a large bag to offer customers a cost effective, strong, resilient cushioning alternative that provides superior protection for any type of packaging, moving, or storing opportunity.

We combine our Furniture Guard® polyethylene foam with film to create Furniture Guard Plus®, a virtually tear-proof product that addresses the needs of applications from shrink-wrap to stand-alone systems. In addition to offering outstanding protection, Pregis Furniture Guard and Furniture Guard Plus bags are lightweight and industrial recyclable, helping to lessen the environmental impact.

- Superior corner, edge and surface protection to resist scratching, marring and abrasion
- Availability of PE film inner liner makes bag easy to load
- Waterproof for extra protection
- Easily heat-sealed for superior seam strength and a variety of uses
- Flexibility, efficiency and availability reduces material and labor costs
- Pre-made bag bundles in widths 36" - 58" centerfolded and thicknesses 1/16" to 1/8"

PRODUCT	PRODUCT DESCRIPTION	BAG WIDTH	BAG DEPTH	ITEM #	APPLICATIONS
Light Duty (FG121)	3 mil film / foam / liner	80"	53" CF	475244	CHAIR
