

THE *Regency Collection*
by StoneImpressions

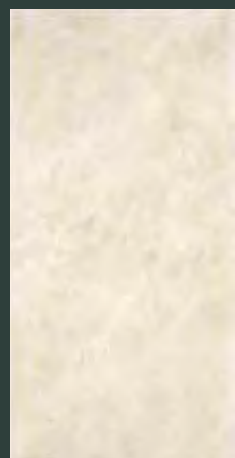

THE *Regency Collection*
by StoneImpressions

Stunning full wall murals, entrancing repeatable patterns, and a fully collaborative planning experience, the bespoke Regency Collection is a new couture line from StoneImpressions.

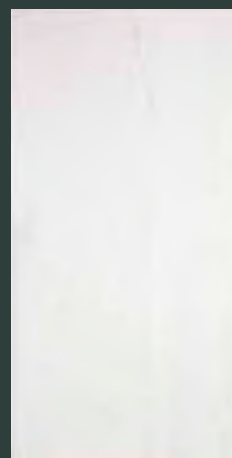

Designed with limited-edition 6x12 and 12x24 Honed Dolomite, Honed Botticino, and Luster Limestone tiles in mind, the Regency Collection offers old world chinoiserie inspired designs modernized with on trend colorways and tile options.

Each experience results in a design completely customized to fit your installation space, dimensions, and scale, as you work hand-in-hand with our designers.

Repeating Patterns

Designed exclusively for the Regency line, these imaginative and remarkable pattern tiles will make any room instantly exceptional.

From whimsical to deco revival inspired styles, these designs are sure to leave an impression in any space.

The Regency patterns include a curated collection of designs in matching colorways intended to create cohesion when installed in multiple locations.

Repeating Panels

Similar to wallpaper, the Regency panel designs are intended to repeat continuously, as needed, to fill your desired installation space.

Influenced by traditional toile designs, the panel collection adds a modern twist with exciting design elements and eye-catching color ways.

To learn more about ordering panels, see page 55.

Arboretum Panel

Panels are scaled to the desired tile size and then repeat at a fixed scale across the entirety of the square footage.
For a closer look at the specific Arboretum panel, please see page 55.

Ordering Panel Murals

Each panel featured in the Regency Collection will repeat at a fixed scale. The pattern repeat is unique for each design, and is first scaled to either the desired 6x12 or 12x24 tile size, and then repeated seamlessly to cover the entire square footage of your space, similarly to wallpaper panels.

Please reference these schematics to see how each panel design repeats and the difference in scale from 6x12 to 12x24 tiles. Each Regency panel order will include a consultation with the design team to plan the installation space and provide guidance on scale, tile size and orientation, as well as to create a rendering for final approval.

6x12 vs. 12x24 scale and repeat covering a 4'x8' space:

ARBORETUM PANEL REPEAT
The Arboretum panel repeats vertically every 2 tiles, and horizontally every 4 on a vertical grid.

The panel repeating every 2 vertical and 4 horizontal tiles scaled to 6x12 tiles.

The panel repeating every 2 vertical and 4 horizontal tiles scaled to 12x24 tiles.

6x12 vs. 12x24 scale and repeat covering a 4'x8' space:

FRENCH COUNTRYSIDE PANEL REPEAT
The French Countryside panel repeats vertically every 2 tiles, and horizontally every 3 on a vertical grid.

The panel repeating every 2 vertical and 3 horizontal tiles scaled to 6x12 tiles.

The panel repeating every 2 vertical and 3 horizontal tiles scaled to 12x24 tiles.

6x12 vs. 12x24 scale and repeat covering a 4'x8' space:

PARADISE DREAM PANEL REPEAT
The Paradise Dream panel repeats vertically every 1 tile, and horizontally every 4 on a vertical grid.

The panel repeating every 1 vertical and 4 horizontal tiles scaled to 6x12 tiles.

The panel repeating every 1 vertical and 4 horizontal tiles scaled to 12x24 tiles.

6x12 vs. 12x24 scale and repeat covering a 4'x8' space:

TRELLIS PANEL REPEAT
The Trellis panel repeats vertically every 1 tile, and horizontally every 2 on a vertical grid.

The panel repeating every 1 vertical and 2 horizontal tiles scaled to 6x12 tiles.

The panel repeating every 1 vertical and 2 horizontal tiles scaled to 12x24 tiles.

6x12 vs. 12x24 scale and repeat covering a 4'x8' space:

YANAGI PANEL REPEAT
The Yanagi panel repeats vertically every 3 tiles, and horizontally every 2 tiles on a horizontal grid.

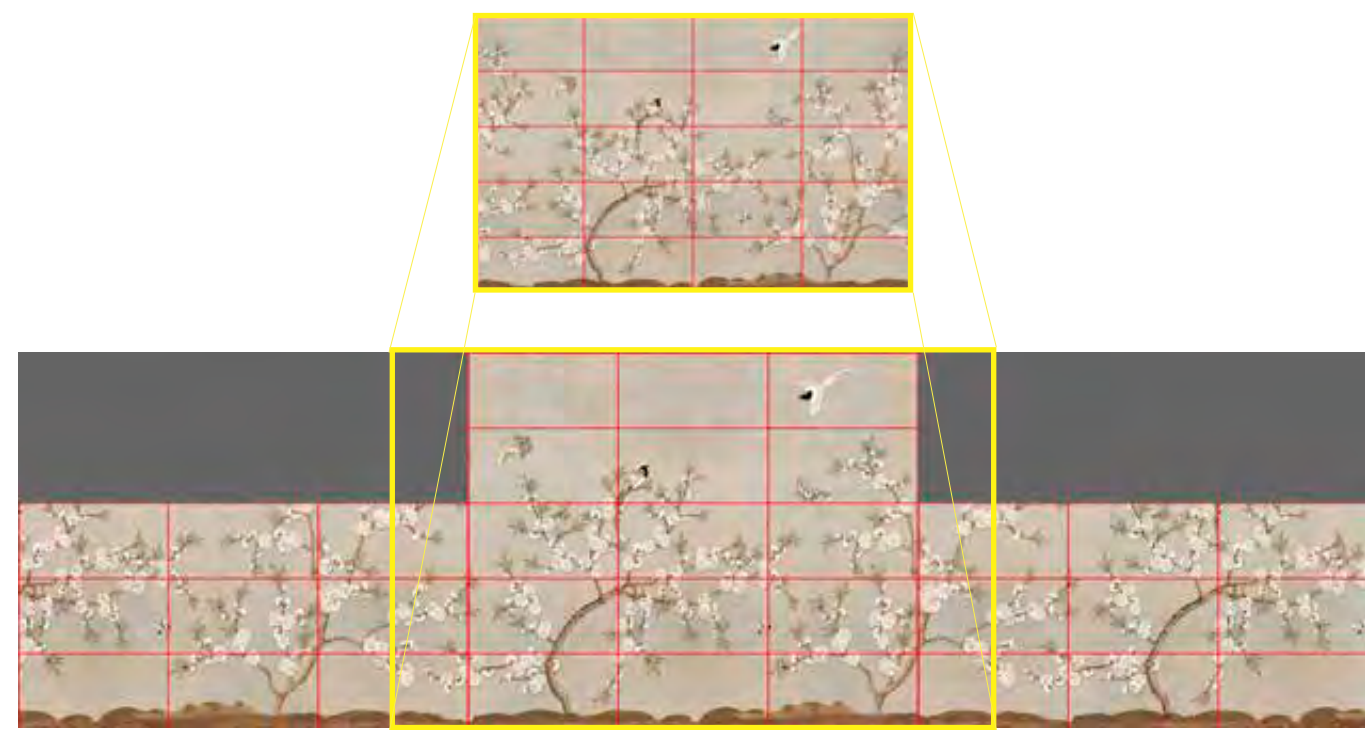

The panel repeating every 3 vertical and 2 horizontal tiles scaled to 6x12 tiles.

The panel repeating every 3 vertical and 2 horizontal tiles scaled to 12x24 tiles.

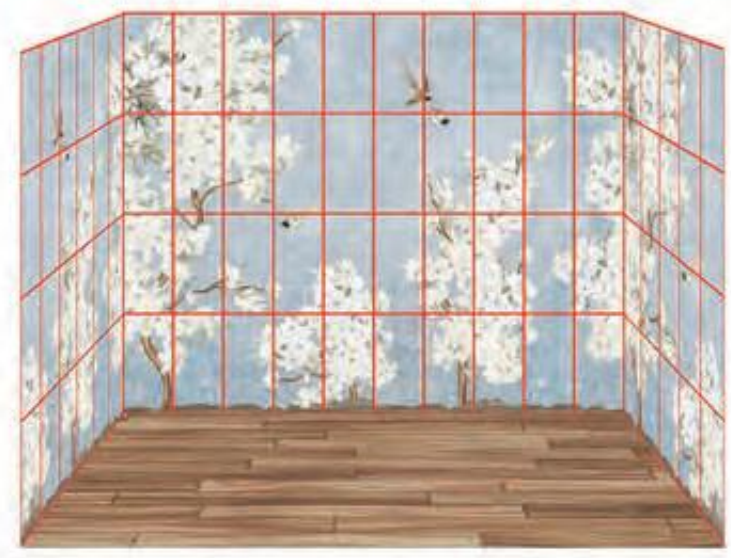

Ordering Repeating Murals

The Regency murals are conceptualized to scale up to full wall murals, or repeat continuously linearly to seamlessly fill a kitchen backsplash, and even wrap walls in a room, if desired.

Every Regency mural order will include a consultation to discuss the desired installation space, consider the desired scale, tile orientation, and to create renderings for approval before producing the mural.

CAMELLIA MURAL REPEATING

MAGNOLIA MURAL WRAPPING THREE WALLS

Each Regency mural order will arrive with a numbered schematic and labeled tiles to aide in reassembling the mural accurately for installation.

Customizing Regency

As with all StoneImpressions products, all the designs in the Regency Collection may be fully customized. While the initial consultation, space planning and renderings are complimentary, any requests that require changing elements, colors, or layouts are subject to additional custom art fees.

Please inquire for a custom art fee quote.

CUSTOMIZE COLOR

Change one or all elements of a design to a completely different color palette. Match to paint swatches, textiles, or pull from other designs to achieve the look you desire.

Original Pluma

Pluma color customized to inspiration palette

ADD AND REMOVE ELEMENTS

Create a one-of-a-kind design by creating your own layout. Remove design elements, or add in different objects to create your unique vision.

Original Secret Garden

Secret Garden with bird removed, peacock added.

CUSTOMIZE LAYOUT

Create a layout of any mural, panel, or pattern to compliment your specific installation space. The rendering on the right illustrates a custom arrangement of the Camellia mural on a bathroom wall, designed to flow around the vanity and mirrors and ensure the key elements of the mural remain unobstructed.

About Luster Limestone

The luster finish is a subtle, pearlized glaze that brings further brightness and nuance to our Limestone tiles. The finish is applied by hand to each tile and may vary from piece to piece.

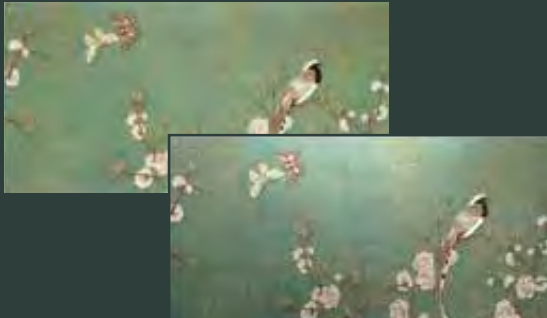

This luxe glaze, enhanced with unique artwork, is the perfect solution to take your tiles to the next level.

Paired with the designs from our Regency Collection, Luster Limestone tiles add an element of decadence and glamour to any space.

As light touches the Luster Limestone tiles, you can see hints of shimmer in the finish, as seen in the photos above.

The luster finish adds a layer of depth and complexity to artwork, enhancing the textures and colors for a refined look.
