

# PENNY LANE

Penny Lane is our take on penny-round mosaics, elevated in Artistic fashion through the use of luxe natural stone and presented in a true penny size, in an offset pattern. Penny Lane is stocked in seven colorways: White, Nero, Vanilla Onyx, Azul Cielo, Pink, Green, and White Sand. Penny Lane is uniquely suited for graphic installations of two or more colorways, in color blocks or in stripes. Vanilla Onyx is polished; all other colorways are honed.

Technotes: Proper installation will prevent darkening due to water accumulation behind the product. Follow TCNA guidelines to ensure proper installation. For shower floor installations use Ardex 100% Solids Epoxy Adhesive White. See complete install instructions for further details. Individual sheets of this mosaic are not square. Sheets are irregular and combine into a seamless interlocking pattern. Plan your layout accordingly. Massage joints when blending individual sheets. White mortar is recommended for natural stone. The installation of intricate mosaic patterns may require the use of a mosaic nippers to hand cut pieces along the edge to fit or conduct adjustments throughout the installation. For straight cuts on a tile wet saw clear plastic face tape can be applied to keep the mosaic pieces aligned while cutting. Seal and utilize a grout release prior to grouting. White Sand may exhibit random spotting of mineral deposits.
