

SILVER WAVE

A deep black, stormy marble with fluid waves of white, grey, and beige, and occasional deposits of sparkling green quartz. Silver Wave's striking veining resembles the layered rings of an ancient tree. This exquisite stone is presented in 12 × 24 polished field tile, 18 × 18 honed field tile and 2cm polished slab.

SILVER WAVE

Polished & Honed

NOTES											
¹ Saddle & Vanity Top - Slab											
² For field tile use TCNA Handbook, for slab use MIA DSDM.											
Mortar Note: The MIA recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.											
Slab - Regarding Fiberglass Mesh Backed Stones for installation in wet areas, consult your fabricator for recommended installation method. Options include, but are not limited to complete removal of fiberglass mesh backing (where applicable) or installing with epoxy setting material. Any decision to install contrary to most current Marble Institute of America Dimension Stone Design Manual practices is solely at buyers discretion and risk.
