

# VOLAKAS WHITE DOLOMITE

---

Named for a remote village on the outskirts of the Falakro mountains in Northern Greece, Volakas marble is one of the region's most well-known, and is sometimes referred to as "the Carrara of Greece." Its classic white background displays stripes of grey, taupe, and pale burgundy, giving the stone a natural intricacy and intriguing variety. Available in a variety of field tile formats, 3cm hexagon mosaics and 2cm book match slabs, all honed.
