An understated, timeless color palette complements the superior craftsmanship that goes into these molded clay pavers. The texture of Crestline Series Pavers is similar to Belcrest, with a sandmold surface and long-lasting color, but are manufactured with a unique Dutch Chamfered Edge, unlike any other clay paver in the industry. Due to their low water absorption and high compressive strength, they perform exceptionally well in various interior and exterior applications, including floors, driveways, walkways, sidewalks, and more.

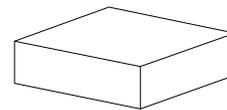

Rectangles aren't the only shapes available in our Belden Clay Pavers. You can also get standard 8 x 8 pavers to create random pattern possibilities that further add to your look and design customization.

4 x 2-1/4 x 8"
Standard Pavers

4 x 2-3/4 x 8"
Jumbo Pavers

8 x 2-1/4 x 8"
Standard 8 x 8 Pavers

Crestline Series Pavers comply with ASTM C902, Class SX, Type I, Application PA, and/or ASTM C1272 Type R, Application PA.

Due to variations in printing, color and texture may vary from the actual product. Final selection should always be based on an existing product sample.
