# DETAILS MATTER

To survive the test of time, you better be tough, gladiator tough. Like the structures of Ancient Rome, Creative Mines is the only stone and brick masonry veneer using pozzolan - a natural additive found in icons like the Colosseum for unrivaled durability.

Nature is unpredictable and Creative Mines excels in all seasons. Our industry-leading freeze-thaw durability with 0% degradation, 3800 PSI compressive strength and superior resistance to moisture intrusion and unsightly efflorescence is unmatched.

Skilled artisans handcraft each stone and brick veneer with breathtaking color and texture combinations that replicate nature's beauty for a timeless aesthetic or a bold contemporary statement for today's fashion-forward designs.
