QUICK SLABS

STOCKED IN USA

2025

A system of indoor and outdoor surfaces: floors, walls and decors.

Large slabs for kitchen countertops, tables and for furnishings.

Furniture in combination with Atlas Concorde surfaces.

Three brands, **one space.**

WE CARE

Environmental sustainability

Environment and health

- Advanced purification systems, which contribute to the containment of atmospheric emissions
- RTO system to reduce harmful emissions and odours
- Reduction of CO₂ emissions due to automated vertical warehouse
- 100% recyclable packaging materials
- 0% lead, cadmium, and other dangerous substances in products
- All Atlas Concorde products, during their use, do not release VOCs (Volatile Organic Compounds)

Energy optimisation

- 100% LED light
- Heat recovery from furnaces and cooling water
- Efficient methane gas cogeneration plant
- Recovery of residual heat energy by tube heat exchangers

Waste management

- 100% of cooked and raw waste recovered internally
- 90% recovered waste
- 100% water recovered for internal use

For Atlas Concorde, being Made in Italy is not just a prestigious certification of style, design, and production excellence, but an identity that involves all aspects of its business. For this reason, we identify with the values expressed by Confindustria Ceramica's ethical code, which guarantee absolute compliance with labor regulations, and with the marks Made in Italy and Ceramics of Italy, which certify the quality of authentic Italian style.

Certifications

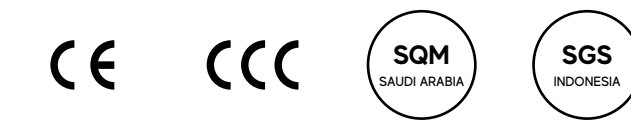

Company certifications

Product declarations

Certifications for export to international markets*

* Valid certification for porcelain tile and single-fired products.

* Shipments can be made in accordance with national requirements anywhere in the world, even in markets with complex customs procedures, thanks to our active cooperation with accredited certification bodies in each country.

Product certifications

Certification for buildings

- WELL v2
- Atlas Concorde porcelain tiles and single-fired products can contribute towards earning points needed for LEED® certification.

Destinations of use

HEAVY TRAFFIC

HEAVY COMMERCIAL

Malls, airports, places of worship, schools, museums, squares, hospitals, hotels - foyers, undergrounds, train stations, etc.

MEDIUM TRAFFIC*

MEDIUM COMMERCIAL*

Restaurants, offices, shops, public restrooms, public offices, hotels except for foyers, business lounges, etc. with the exception of mandatory passageways and areas subject to the transit of trolleys with hard wheels or highly concentrated loads.

LIGHT TRAFFIC

RESIDENTIAL

Bedrooms, living rooms, studies, private kitchens, private bathrooms, etc.

Crystalline Silica Warning

Processing operations such as cutting, grinding and polishing may generate respirable crystalline silica dust. To work safely, it is essential to adopt the protective measures required by the applicable regulations. It is recommended to consult the relevant authorities and refer to the Safety Data Sheet available at www.atlasconcordeusa.com/resources

* Polished, Velvet, and silk finishes are recommended for low-stress residential or commercial floors where anti-slip performance is not required. The surface's shine and superior ease of cleaning are the result of in-depth studies and extensive technical research aimed at ensuring its durability over time. If the product is in direct contact with the outside, use moisture and dirt absorption devices to prevent scratches. Under no circumstances does Atlas Concorde accept responsibility for any use of the product other than as recommended above.

Notes

- Atlas Concorde reserves the right to modify any product without notice and will not be liable for any direct or indirect damage resulting from such modifications.
- Colours and optical features of the materials illustrated in this catalogue are to be regarded as mere indications.
- For information and details relating to codes, packaging and weight it is recommended to refer to the latest pricelist.
- Ceramic products can have slight variations in tone. Check with the sales representative for the possibility of combining production lots, formats, decorations and special pieces.
- Polished, Velvet, and silk finishes are recommended for low-stress residential or commercial floors where anti-slip performance is not required. The surface's shine and superior ease of cleaning are the result of in-depth studies and extensive technical research aimed at ensuring its durability over time. If the product is in direct contact with the outside, use moisture and dirt absorption devices to prevent scratches.

The quantities loaded must take into account the weight (in order not to exceed the maximum weight limits)

Product "Declarations"

An ecological transition is among the company's industrial priorities. Our plants comply with the most stringent international regulations – fully automated and low-impact – as they are equipped with energy cogeneration systems. A constant commitment to the total reduction of waste and emissions completes the picture of a company oriented towards maximum environmental sustainability.

Ethical identity

For Atlas Concorde, being Made in Italy is not just a prestigious certification of style, design, and production excellence, but an identity that involves all aspects of its business. For this reason, we identify with the values expressed by Confindustria Ceramica's ethical code, which guarantee absolute compliance with labor regulations, and with the marks Made in Italy and Ceramics of Italy, which certify the quality of authentic Italian style.
