

# Momentum

Movement is a principle of good design, influencing what the viewer sees next. Momentum, a three-dimensional tile collection, creates visual movement in space through the crosscurrents of art, design and pattern. These Japanese, hand-crafted ceramic tiles feature sculptured lines of dramatic variation that encourage exploration: use a single shape to discover various textures, or puzzle together multiple shapes to express your unique direction.

Shade Variation	Grout Joint Recommendation		NOTES		
V3 - V4 Substantial Variation	1/8" (3 mm)		<p>Since variations are common in artistic ceramic tile, we recommend final selection be made from an actual tile mock-up. To achieve optimal results in shading, layout and design, tile should be randomly selected from multiple boxes during installation. We recommend a minimum of 10% overage on all orders. Please take care when grouting and protect surface from abrasion. <b>Installation constitutes acceptance.</b> We advise retaining control samples to aid in color matching if additional material is required (match not guaranteed).</p> <p>Momentum tiles were <b>NOT</b> designed to be grouted. We strongly recommend installing without grout and tinting setting mortar to match material color. See our Ceramic Installation Instructions for more info.</p>		
			MAINTENANCE		
			A routine cleaning of <b>Momentum</b> tile can be done with a light duty non-abrasive, close to neutral pH detergent cleaner.		

\* Acceptable for limited and sporadic exposure near open flame or heat source, including fireplace wall/cooktop surround. **NOT** recommended for placement inside a firebox.

\*\* Momentum Series tiles are **NOT** recommended for installation in pools, spas, water features or steam showers.
