Premium quality, 23 gauge 2-inch thick steel door with horizontal and vertical beaded panels set into 24 and 28 inch section heights. A unique and exclusive design of First United Door Technologies. Patents pending.

Specifications; Sections: Are 2 inches thick in 24 and 28-inch section heights. Each section is manufactured from heavy duty 23-gauge hot dipped galvanized steel. Sections are pre-painted white and rotary embossed with a wood grain texture. Ultra high definition raised panels are pressed in 1/8" height increments to a depth of .375". Tongue and groove-meeting rails are roll formed into the panel incorporating the "RITS" reinforced integral truss system. Vertical stile members are 19-gauge hot dipped galvanized I-beams pre-painted white to match the interior color of the section. Stiles are riveted and bonded to the interior face of the door with an epoxy-based cement. Bottom sections are reinforced with aluminum "L" angle, and bonded to the bottom of the section for supporting a replaceable UV protected bottom weather seal.

H-2 Hardware and Track: Hinges are hot dipped galvanized, 14-gauge wide body end roller hinges and 16-gauge interior hinges. Rollers are 2-inch black nylon, galvanized torsion tube; self-locking fasteners, pre-painted springs, red emergency gripping devices and an inside lock.

Optional Energy Efficient Insulation
CFC free Polystyrene insulation with a rigid vinyl back skin, R factor of 6.25. Laminated PVC backing is available as a factory installed option.

Calculated door section R-Values are in accordance with DASMA TDS-163.

Exclusive RITS™ Design Exclusive RITS™ "Reinforced Integral Truss System" design, for increased section strength and wind-load capabilities that include tongue and groove weather resistant meeting rails.

Reinforced Aluminum Bottom Extrusion Heavy duty grooved "U" type weather seal is set into an aluminum reinforced "L" angle, and bonded to the bottom section.

Available in: White Only

Track Radius 1 1/2" - 1 3/4" - 2"	EXTREME TEMPERATURES	HEAVY-DUTY STRENGTH	OPTIONAL GLASS LITES
SECURITY	WEATHER STRIPPED	PAINTABLE	EXCLUSIVE RITS™ DESIGN
