# ONDULARE

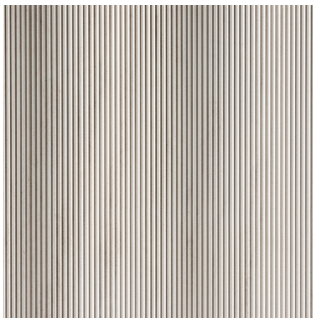

Inspired by the gentle movement of water, Ondulare is a dimensional natural stone tile that captures the rhythm of rolling waves. The surface of each tile is sculpted with sweeping parallel grooves that add texture and subtle shadows. Additionally, the tile body is sculpted with alternating concave and convex undulations, creating a flowing profile. When installed on an interior wall, this unique tile creates a seamless wave that is soft to the touch. Crafted in a 12” x 24” repeating unit, Ondulare Dimensional Tile is available in Calacatta Gold Marble, Cloud Limestone, and Moca Cream Limestone, all in a honed finish.

## NOTES

[1] Setting Material for Calacatta Gold: Ardex X77 White Microtec Fiber Reinforced Mortar
Alternative Setting Materials: Ardex 100% Solids Epoxy Adhesive White or Mapei Granirapid White 2-part System
Alternative Setting Materials for Calacatta Gold: Ardex 100% Solids Epoxy Adhesive White or Ardex N23 White Microtec Rapid Set

[2] Alternative Grout: Ardex FL Rapid Set Sanded or Mapei Ultracolor Plus FA

[3] Sealer for Calacatta Gold: AquaMix Sealers Choice Gold

Tech Notes: Product MUST be installed in accordance with current TCNA Handbook stone methods. Ondulare is carved from natural stone and hand-finished, so slight variations from one piece to another are to be expected. Allow for variation in piece-to-piece. Dry laying of this product prior to installation is required. Stacked joint layout is required. White mortar is recommended for natural stone. Consider bag grouting this product. Seal and utilize a grout release prior to grouting.
