## Care and Maintenance

Regular cleaning is the best way to keep Color Blox 2.0 tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at [CrossvilleInc.com](http://CrossvilleInc.com).

## Wet area use for 3 x 3 Mosaics

Crossville® produces the Color Blox 2.0 Mosaics with the Cross-Sheen® (UPS) finish that has an ANSI A326.3 Wet Dynamic COF of  $\geq .50$ . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Crossville Mosaics to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.
