

ALL YOU NEED IS WATER

The only fuel you need is water. Run a direct water line for a constant supply or enjoy up to 20 hours of continuous flame with the integrated tank and pumping system.

NATURAL AND COLORED FLAMES

Enjoy the glow of natural orange flames or with Waterplace Platinum, choose from over 30 brilliant shades of colored flames.

UP TO 20 FEET OF FLAME

The only limit is your imagination. NetZero Waterplace burners can be connected to create up to 20 feet of continuous ribbons of flame. Use any combination of NZW20, NZW40 and NZW60 burners to design the perfect line of realistic flame for your space.

REFILLING SYSTEM

The tank and integrated pump allow for up to 20 hours of run time, or with NetZero Waterplace Platinum you can connect directly to a plumb line for unlimited hours of ambiance.

COMPLETE PEACE OF MIND

Tap into the beauty of realistic flames in a totally unique fire. NetZero Waterplace uses pure water vapor to simulate dancing flames with zero heat or fuels.

FLAME CONTROL

Adjust the flame height and speed at the touch of a button.

SMART CONTROLS

Control the fire with the included remote, app on your smartphone or home automation system.

Burner Specifications

Tank Capacity	2.0 liters
Run Time	20 hours
Weight	26 lbs - Waterplace 35 lbs - Waterplace Platinum
Flue	Not required
Electrical Connection	120V, 60HZ, min. 3.5A dedicated breaker
Application	For indoor use only
Flame Color	Natural Orange - Waterplace Over 30 Colors - Waterplace Platinum

Burner Dimensions

	A (in)	B (in)	C (in)	D (in)
NZW20B	12-15/16"	20"	8-3/4"	12"
NZWP20B	12-15/16"	20"	11-3/8"	12"

Cavity Measurements - Site-Built Enclosures

	A (in)	B (in)	C (in)
NZW20B	12-1/8"	20-1/4"	11"
NZWP20B	12-1/8"	20-1/4"	13-5/8"

For installation specifications and required clearances, refer to the installation manual.

Burner

Cavity - Site-Built Enclosures

UP TO 20 FEET OF FLAME

Connect any combination of burners to create a continuous line of flame up to 20 feet.

WATER HARDNESS

Water hardness levels will affect performance and flame height.

INSTALLATION

Avoid drafty areas for optimal flame performance. Refer to the installation manual for guidance.

MAINTENANCE

Minimal maintenance is required. Refer to the Maintenance Checklist for details.
