

Mapeheat Thermo Connect

Programmable, WiFi Floor-Heating Thermostat

Technology from

DESCRIPTION

Mapeheat™ Thermo Connect WiFi-enabled, floor-sensing thermostat has been designed specifically for today's smart home. Homeowners can monitor, control and program their Mapeheat Thermo Connect floor-heating system via a free smartphone app (iOS and Android) or any Web browser. Homeowners can access a super-intuitive user interface using the 3.5" (9 cm) color touchscreen display.

The thermostat also provides homeowners with useful information such as energy usage and weather forecasts. The Mapeheat Thermo Connect thermostat features 7-day programmability, dual-voltage compatibility (120 V and 240 V) and built-in GFCI protection (Class A). The exclusive design features a high-gloss frame and a borderless clear acrylic that blends into any modern room decor.

FEATURES AND BENEFITS

- Thermostat can be controlled with a mobile phone
- Works with popular home assistants and home automation products/services such as Google Assistant, Amazon Alexa and IFTTT
- Displays current and forecasted weather information
- 3.5" (9 cm) color touchscreen
- Energy use monitor
- Floor-sensing and ambient-air-sensing
- 7-day programmability
- Suitable for tile, stone, laminate, engineered wood and luxury vinyl tile/plank floors
- Dual-voltage compatibility (120 V and 240 V)
- Built-in GFCI (Class A)
- Manufacturer's limited three 3-year warranty
