

MEET McLAREN

# ORTHOPEDIC SERVICES

Located on the McLaren Northern Michigan campus in Petoskey, McLaren Northern Michigan Orthopedic Services offers advanced joint and bone treatments, along with surgical procedures designed to relieve pain caused by sports injuries and conditions such as osteoporosis, arthritis, and spinal degeneration.

Our fellowship-trained orthopedic surgeons provide comprehensive, patient-centered care using the latest medical innovations to treat a wide range of bone and joint disorders. We deliver highly skilled care in a convenient and comfortable environment, helping patients regain mobility and return to their daily activities.

## COMPREHENSIVE ORTHOPEDIC SERVICES

- Hip and knee replacements
- Spine surgery for back and neck injuries
- Shoulder injury treatments

- Sports and orthopedic injury care
- Arthritis management
- Fracture and broken bone care
- Tendon and ligament repairs
- Advanced and robotic-assisted surgical techniques
- Total ankle replacement
- Hand-specific procedures
- Pediatric care

## TOTAL KNEE/HIP REPLACEMENTS

Our orthopedic surgeons specializing in hip and knee replacements address significant joint deterioration due to arthritis or other ailments. During a hip or knee replacement surgery, the damaged parts of the joint are removed and replaced with an artificial joint made of metal, plastic, or ceramic components. The goal of the surgery is to relieve pain and restore function to the joint, allowing our patients to resume their normal activities. McLaren offers many tools that offer patients minimally invasive options for hip/knee surgery including the MAKO robot.

- Total knee replacement
- Total hip replacement
- Steroid injections
- Partial meniscectomy
- Fracture treatment
- Hip/knee revision surgery

## MEET OUR ORTHOPEDIC SPECIALISTS
