COMPREHENSIVE BREAST SURGICAL CLINIC

Located at the MSU Health Care at McLaren Greater Lansing's Breast Imaging Center, the comprehensive breast care clinic is a detailed and thorough breast evaluation clinic. All of our physicians, clinicians, and staff are attuned to women's needs and with their clinical expertise and understanding of your health concerns they provide superior care.

In addition to individual consultation rooms and private dressing areas, you can expect a clinical breast exam, review of any recent imaging studies (mammogram, breast ultrasound, MRI) and have recommendations explained thoroughly. Additional imaging, stereotactic core biopsy, ultrasound-guided core biopsy, and cyst aspirations will be performed during clinic when possible. If you need surgery, it can be scheduled through the clinic.

WE WELCOME YOUR REFERRAL
