

MEET McLAREN

NEUROSURGERY SERVICES

NEUROSCIENCE SERVICES

Expert neurosurgical care for conditions affecting the brain and spine is available close to home at McLaren Northern Michigan Neurosurgery. Our board-certified neurosurgeons provide comprehensive surgical treatment.

Our neuroscience team will assess a patient's individual needs and discuss recommended treatment options.

NEUROSURGICAL SERVICES

- Comprehensive cranial and spinal trauma management at our Level II Trauma Center
- Brain surgery
- Instrumented and non-instrumented spine surgeries
- Minimally invasive spine surgery
- Sacroiliac surgery
- Spinal cord stimulators
- Stroke Center of Excellence
- General neurosurgery
- Neuro-oncology
- Spine deformity and revision spine surgery
- Cranial and spinal oncology

SURGICAL TREATMENT FOR BRAIN AND SPINAL CONDITIONS

- Brain surgery for tumor, trauma, stroke (non-aneurysmal), and hydrocephalus
- Degenerative spinal disease
- Herniated discs
- Spinal cord compression
- Spine deformity and scoliosis
- Spinal infections
- Compression fractures and kyphoplasty

MINIMALLY INVASIVE SPINE SURGERY

For select procedures of the spine, the surgeons access the spinal nerves, vertebrae and discs using smaller incisions and specialized tubular instruments. Using this minimally invasive approach can result in significantly less complications such as infection and blood loss, smaller scars, and a faster recovery time.

WE WELCOME YOUR REFERRAL

Fax referrals to (231) 487-0093, or send through Cerner. Please include the following information:

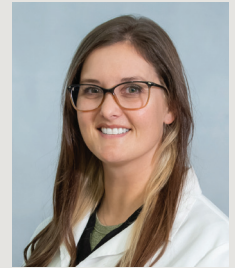

- Office visit notes (pertaining to the reason for referral, including all histories and medications).
- Current advanced imaging (within the last year) of the affected area.
- Current patient demographics.
- Any prior authorizations needed.
