Part of McLaren Lapeer Region
(810) 667-5568

Provides hospital-based skilled nursing and rehabilitation services for patients who need short-term clinical support and therapy before returning home.

REFERRAL INFORMATION

To refer a patient to a McLaren Skilled Nursing Facility, please contact your hospital's social worker or case manager to initiate the placement process.

Our admissions teams work closely with hospital care management staff to ensure timely clinical review, placement determination, and seamless care transitions.

REFERRAL PROCESS

1. Contact the hospital social worker or case manager.
2. Submit referral and supporting clinical documentation.
3. Admissions team completes a clinical review.
4. Placement determination is communicated promptly.
5. Admission is coordinated with the patient, family, and care team.

YOUR TRUSTED PARTNER IN POST-ACUTE CARE

McLaren Skilled Nursing Facilities provide coordinated, high-quality post-acute care that supports recovery, improves patient outcomes, and facilitates safe transitions to home and community-based settings.
