

## MEET McLAREN

# SPEECH LANGUAGE PATHOLOGY SERVICES

McLaren Northern Michigan provides comprehensive speech-language pathology services for patients of all ages, with specialized expertise in feeding, swallowing, and communication disorders.

## NEWLY EXPANDED PEDIATRIC FEEDING PROGRAM

Our enhanced Pediatric Feeding Program now offers improved access to specialized care for infants, children, and adolescents with complex feeding and swallowing needs.

**The program provides advanced evaluation and intervention for:**

- Pediatric Feeding Disorder (PFD)
- Dysphagia and other swallowing disorders
- Tube dependence and support for NICU/PICU graduates
- Feeding challenges at all developmental stages
- Pediatric Videofluoroscopic Swallow Studies (VFSS) to support diagnostic assessment and treatment planning
- Failure to thrive

Our clinicians have advanced pediatric training and provide evidence-based care alongside physicians, dietitians, physical therapists (PTs), occupational therapists (OTs), and other specialists. We work closely with families to create safe, effective feeding strategies that support healthy development and nutrition.

### Additional Pediatric Services:

- Speech and language delays
- Autism spectrum disorder
- Voice and resonance disorders
- Alternative/Augmentative Communication (AAC)
- Stuttering and other fluency disorders

## ADULT THERAPY SERVICES

We provide comprehensive care for adults with speech, language, voice, and swallowing disorders. Our team provides evaluation and intervention for:

- Dysphagia and other swallowing disorders
- Stroke and neurologic rehabilitation (aphasia, dysarthria)
- Voice and resonance disorders
- Traumatic brain injury and neurodegenerative conditions

Our team partners with health care providers to ensure individualized treatment planning, comprehensive evaluation, and ongoing progress monitoring.
