

MEET McLAREN

LUNG NODULE PROGRAM

We are pleased to introduce our new Lung Nodule Program, designed to provide comprehensive care and support for patients with lung nodules. Our program is dedicated to guiding your patients through every step of their journey, from detection to treatment, ensuring they receive the best possible care.

OUR COMPREHENSIVE APPROACH

Our Lung Nodule Program includes:

- **Early Detection:** Utilizing advanced imaging techniques like low dose lung CT to identify lung nodules at the earliest possible stage.
- **Multidisciplinary Team:** A team of specialists, including pulmonologists, radiologists, and thoracic surgeons, working together to develop a personalized treatment plan.
- **State-of-the-Art Treatment:** Access to the latest treatment options, including minimally invasive procedures and cutting-edge therapies such as the Ion robotic platform.
- **Ongoing Monitoring:** Regular follow-ups and monitoring to track the patient's progress and adjust their care plan as needed.

WHY CHOOSE US?

- **Patient-Centered Care:** We prioritize the patient's needs and preferences, ensuring they are at the center of every decision.
- **Expertise and Experience:** Our team of specialists brings years of experience and expertise in managing lung nodules.
- **Comprehensive Support:** From diagnosis to treatment and beyond, we are supporting your patient every step of the way.

MEET OUR NURSE NAVIGATOR, BRITTANY HALL, RN, BSN

At the heart of our program is our experienced Nurse Navigator, a registered nurse who will be each patient's personal guide and advocate.

In this role Brittany will:

- **Coordinate Care:** Work closely with the patient's healthcare team to ensure seamless communication and coordination of their care plan.
- **Provide Education:** Offer detailed information about lung nodules, diagnostic tests, and treatment options, empowering them to make informed decisions.
- **Offer Support:** Be a constant source of support, answering their questions, addressing their concerns, and providing emotional reassurance throughout their journey.

Should you or your staff have any questions, or to make a referral, please contact;
