OUTPATIENT IMAGING CENTER

The MSU Health Care at McLaren Greater Lansing Outpatient Imaging Center, located at the Izzo Family Medical Center, adjacent to the McLaren Greater Lansing Hospital, offers convenient access to state-of-the-art imaging technology.

Our imaging center is staffed by skilled radiologists and technologists who interpret the images and provide diagnostic reporting to you quickly.

SERVICES INCLUDE:

- Widebore MRIs with Deep Resolve (significantly reduces scan time)
- CT Scan
- PET/CT Scan (faster scanning technology)
- X-Ray (general radiology)
- Fluoroscopy
- Bone density dexta
- Ultrasound, including musculoskeletal ultrasounds

Dexa Bone Density – Appointment only

8 a.m. – 4:00 p.m. – Monday through Friday

BREAST IMAGING CENTER

The MSU Health Care at McLaren Greater Lansing Breast Imaging Center brings a comprehensive approach to diagnosing breast cancer and streamlining treatment pathways, all in a comforting environment for patients.

The breast center is designated as a Breast Imaging Center of Excellence by the American College of Radiology (ACR). In addition to the mandatory mammography accreditation program, the Breast Imaging Center is also accredited in all voluntary breast-imaging programs and modules.

SERVICES INCLUDE:

- Four 2D/3D mammography systems
- Contrast enhanced mammography
- Bone density testing
- Ultrasound units with elastography for breast exams
- Ultrasound-guided biopsy
- Pre-surgical breast localization
- Stereotactic core biopsy
- Two breast biopsy systems, including prone and upright

LABORATORY

Utilizing a centralized approach for the entire McLaren system, McLaren laboratories are able to perform testing with greater efficiency and more cost effectiveness with a 24 hour turnaround time. Patients can generally be seen as soon as we receive their orders.

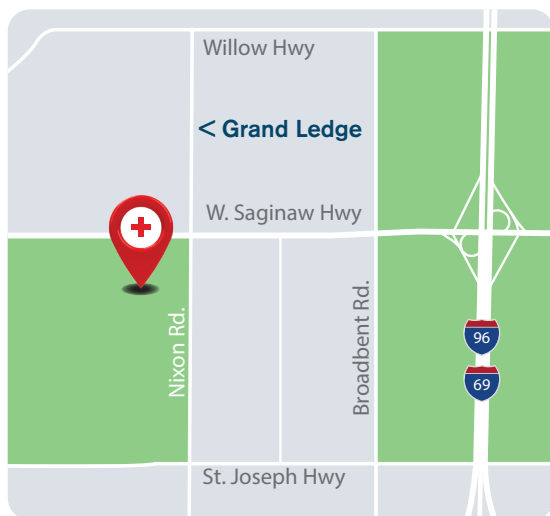

We offer a full spectrum of lab services performing hematology, blood transfusion, microbiology, and chemistry testing, as well as anatomic pathology for our hospital, community physicians, and long-term care facilities throughout the greater Lansing area. We also offer data management tools to help you track results and share them with your patients.

LAB SERVICES

- Bi-directional EMR interface capabilities
- State-of-the-art instrumentation and equipment
- Board-certified pathologists
- Consistent accuracy and quality of test results
- Same-day turnaround for the majority of tests
- Electronic reporting to physicians
- Tailored laboratory partnership to meet your needs

NEW LAB AND IMAGING LOCATION NOW OPEN!

6900 E. Saginaw Hwy.,
Grand Ledge, MI 48837

RADIOLOGY

Superior imaging technology and specialized physician review sets a foundation for focused care. McLaren's imaging services utilize advanced technology and tools including X-Ray, CT Scanning, Ultrasound, MRI, and Mammography so our team of skilled radiologists can analyze images electronically in high definition and make an accurate diagnosis.

For most imaging tests, patients can be seen within 48 hours and same day imaging appointments can be made for urgent tests.

RADIOLOGY SERVICES:

- Bone Density
- Cardiac Stress Testing
- Cardiac CT Calcium Scoring & CCTA
- Interventional Radiology
- Magnetic Resonance Imaging (MRI)
- Mammography (2D and 3D)
- Contrast Enhanced Mammography
- Nuclear Medicine
- PET/CT Scan
- General & Musculoskeletal Ultrasound
- X-Ray
- Liver Elastography Ultrasound
