

HALLIBURTON

External User Self Service User Guide

Halliburton Okta provides the end users with the capability to perform self service activities for their Halliburton Okta accounts. The self-service capabilities enable the end user to reset their password using the below reference sections. The end users will no longer need to reach out to Okta team to perform these activities for them at Halliburton Okta.

This document details the following processes:

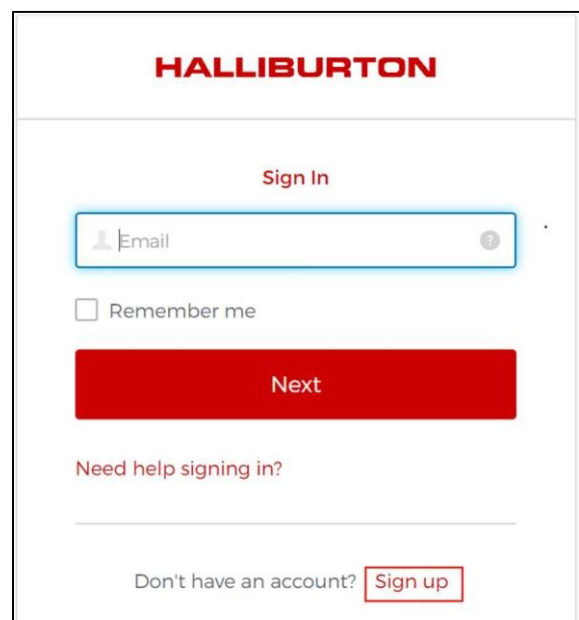

1. Register to the Halliburton External User portal
2. Login to the Halliburton External User Portal
3. Self Service Password Reset
4. Self-service MFA Reset

NOTE:

- Account unlocks – Wait for 30 minutes, the account will be automatically unlocked. If there is an urgent need, submit a service now incident and email to DL_Infosec_Okta@halliburton.com
- Users with @halliburton.com email addresses should go to Office.com and use their Halliburton credentials for any password related issues. Personal domains like Gmail, Yahoo, Hotmail, etc. account registration and usage is blocked in Halliburton without VP approval.
- Non-Halliburton accounts will expire after 110 days Inactivity. Users need to login to <https://myapps.halliburton.com> atleast once to avoid account login issues.
- Passwords for non-Halliburton accounts will expire every 90 days. Users must reset their passwords every 90 days
- The SMS/voice call option has been discontinued as of May 12, 2025, and will no longer be available. Available multi-factor authenticators are 'Google Authenticator', Okta verify'

HALLIBURTON

- Click on the **Activate Account** button in the email that you would have received from InfoSec_Okta InfoSec@okta.halliburton.com

Note: If you do not activate your account, you will not be able to access any further features.

- After successful activation, the portal will display the application(s) to which you have access.

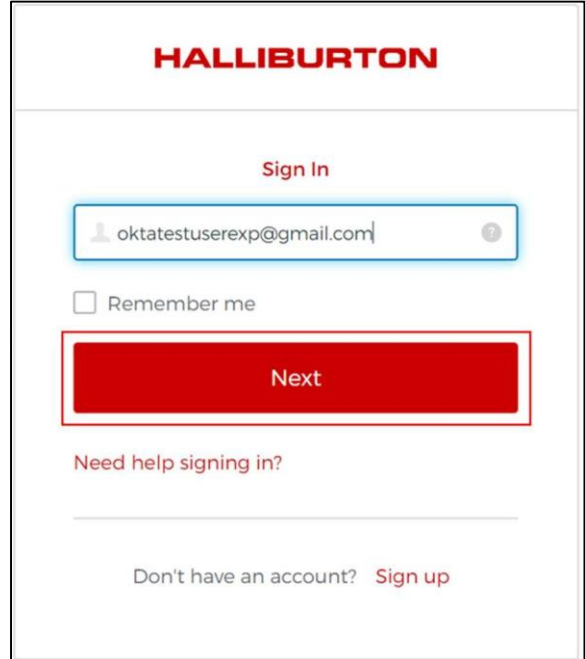

2. Login to the Halliburton External User Portal

- Navigate to <https://myapps.halliburton.com>

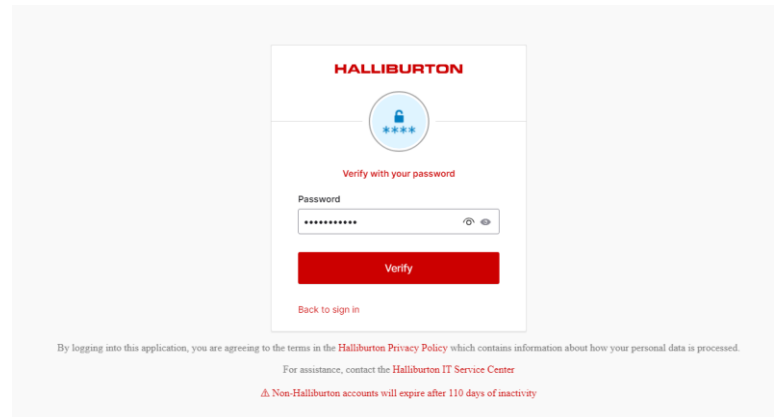

2. Enter your email address and click **Next**.

Note: If you click “Remember me”, the login page would remember your email address when you try to login next time.

The screenshot shows the Halliburton Sign In page. At the top is the Halliburton logo. Below it is the text "Sign In". There is a text input field containing the email address "oktatestuserexp@gmail.com". Below the input field is a checkbox labeled "Remember me". A red rectangular box highlights a red "Next" button. Below the button is the text "Need help signing in?" followed by a horizontal line. At the bottom, it says "Don't have an account? Sign up".

3. Enter your password and click **Sign In**.

The screenshot shows the Halliburton Verify with your password page. At the top is the Halliburton logo. Below it is a circular icon with a lock and four asterisks. The text "Verify with your password" is displayed. Below this is a "Password" label and a text input field with masked characters (dots). To the right of the input field are icons for password strength and visibility. A red rectangular box highlights a red "Verify" button. Below the button is the text "Back to sign in". At the bottom of the page, there is a small disclaimer: "By logging into this application, you are agreeing to the terms in the Halliburton Privacy Policy which contains information about how your personal data is processed. For assistance, contact the Halliburton IT Service Center. ⚠ Non-Halliburton accounts will expire after 110 days of inactivity".

4. After successful login, the portal displays the application(s) to which you have access.

3. Self-service Password reset

1. Navigate to <https://myapps.halliburton.com>
2. Click on **Need help signing in?**

Call: (866) 425-1919

13. After successful login, the portal displays the application(s) to which you have access.

If you click google authenticator, it will ask you to provide the code from the app you installed it on your phone.

The same works for okta verify push, you will get a push and that helps you to reset account.

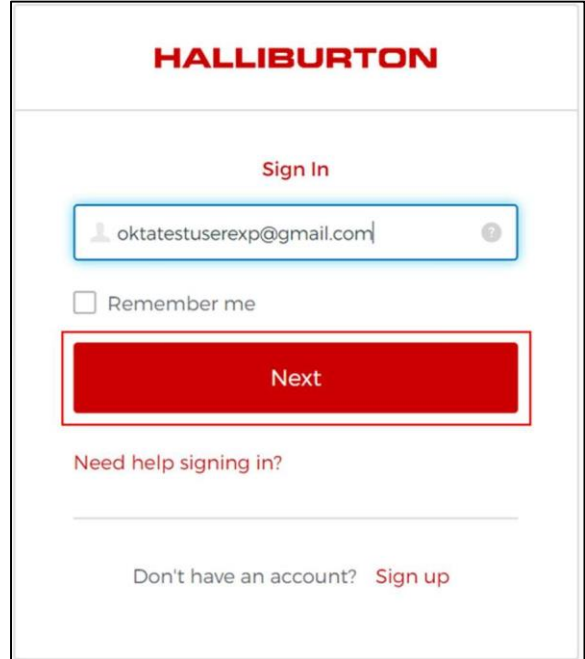

5. Self-service MFA Reset

1. Navigate to <https://myapps.halliburton.com>

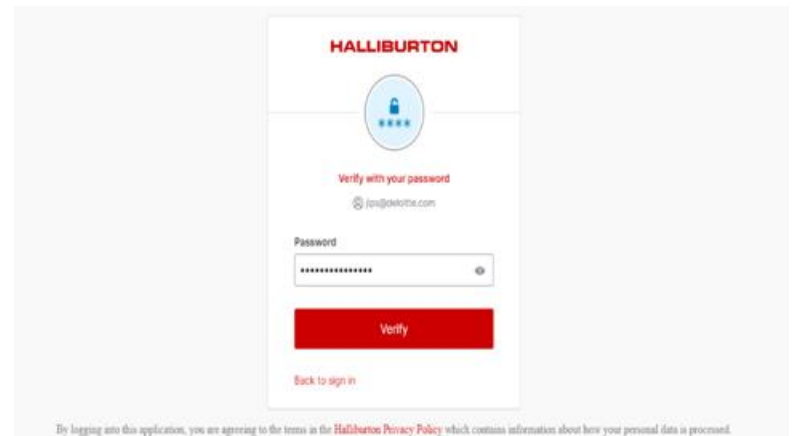

HALLIBURTON

2. Enter your email address and click **Next**.

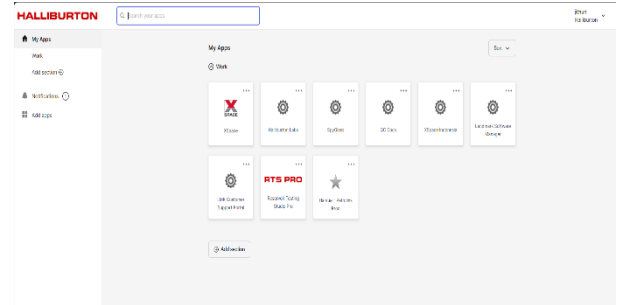

The image shows the Halliburton Sign In screen. At the top is the Halliburton logo. Below it is the text "Sign In". There is a text input field containing the email address "oktatestuserexp@gmail.com". Below the input field is a checkbox labeled "Remember me". A red rectangular button labeled "Next" is positioned below the checkbox. Below the button is the text "Need help signing in?" followed by a horizontal line. At the bottom, there is a link that says "Don't have an account? Sign up".

3. Enter your password and click **Sign In**.

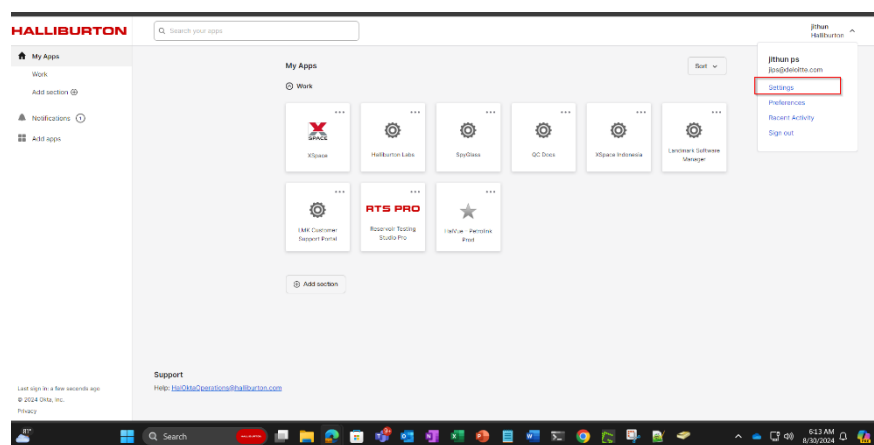

The image shows the Halliburton Verify screen. At the top is the Halliburton logo. Below it is a circular icon containing a padlock and four stars. Below the icon is the text "Verify with your password". There is a text input field containing the email address "jva@oktate.com". Below the input field is a text input field labeled "Password" containing a series of asterisks. A red rectangular button labeled "Verify" is positioned below the password field. Below the button is a link that says "Back to sign in". At the bottom of the screen, there is a small line of text: "By logging into this application, you are agreeing to the terms in the Halliburton Privacy Policy which contains information about how your personal data is processed."

- After successful login, the portal displays the application(s) to which you have access.

- Click “Settings” from the right corner

- Google Authenticator or Okta Verify can be seen as MFA enrollment.
Note: The SMS/voice call option has been discontinued as of May 12, 2025, and will no longer be available.
