# Dear Members

As we begin a new year, thank you for your continued support of HALPAC. Your engagement makes our success possible. Every contribution strengthens Halliburton's ability to support a bipartisan, pro-energy policy agenda and candidates who understand the value of our industry, our people, and our communities.

Today's political environment continues to evolve. Energy affordability and reliability remain critical priorities, infrastructure and permitting discussions continue, and regulatory focus shifts across jurisdictions. In this environment, informed engagement plays an important role in helping Halliburton compete, invest, and create jobs. As our Government Affairs team reminds us, "if you do not have a seat at the table, you are on the menu!" Thank you for helping ensure Halliburton has a seat at the table where decisions impacting our company are made.

Enclosed is the HALPAC annual report, which provides a transparent summary of our 2025 activity and our progress toward our election-cycle goals.

Highlights include:

- HALPAC contributed over \$167,000 to 87 candidates for election or re-election
- 97% of HALPAC supported candidates won their elections
- HALPAC's Charity Match program matched over \$204,000 in contributions in 2025 to non-profit organizations

Thank you again for your ongoing commitment to HALPAC and to effective advocacy for Halliburton.

Sincerely,

Todd Ennenga,  
Director of Government Affairs

## HALPAC Charitable Match Program

Halliburton values the contributions of its employees, not only to HALPAC but also to the communities where we live and work. To help our employees make the most of their contributions, Halliburton offers PAC-MATCH, a matching gift program. For every \$100 or more that you contribute to HALPAC, Halliburton will match that amount, dollar for dollar, and donate it in your name to a nonprofit organization of your choice. Over the last several years, as the generosity of our employees has grown through HALPAC, so has our charitable giving. Our charitable contributions extend to over 150 organizations including churches, schools and research centers all aimed at improving the lives of those less fortunate.

# Candidate Support Criteria

HALPAC is an important element of HALPAC's ability to build positive relationships and educate elected officials about the issues that affect our company and industry.

Each year, Congress, state legislatures and other elected officials focus on issues that directly impact our company and our ability to do business. As we strive to meet our business goals, our efforts to communicate with and support candidates who share similar values and advocate for policies that will benefit business and our industry, are critical.

HALPAC carefully reviews contribution requests from state and federal government relations staff and suggestions from PAC members. A number of factors are considered when deciding which candidates will receive HALPAC contributions.

These criteria are:

---

-  High Halliburton constituent relationship in state or district (TX, LA, OK, CO, WY, etc.)
-  Leadership/Committee Chairs
-  Pro-Business Candidates (based upon voting records)
-  Open seats, where pro-business candidate has a chance to win
-  Races where pro-business incumbent is significantly challenged
-  Candidates who vote with us on our primary issues of concern (Energy, Trade, Tax, Environmental, Labor/ Workplace/Human Resource)
