GARDEN LOCK

ONE PART, WATER BASED BINDER FOR STONES & CHIP BARK

DESCRIPTION:

RLA GARDEN LOCK is a one part water based compound designed to bind landscaping elements including river stones, pebbles and garden chip bark in garden beds, pot plants and tree surrounds locking them into place.
Maintaining a high level of UV and water resistance in the cured form, Garden Lock still allows water to penetrate through the cured binder to keep the soil and garden bed moist.
Garden Lock will keep your garden or pots looking neat & tidy whilst reducing ongoing maintenance.

FEATURES & BENEFITS

- Water based
- Non toxic
- Fast drying
- Dries Clear

USES

- Tree Surrounds
- Top of pot plants
- Garden Beds
- Binding stones or chips
- Art & Craft applications

APPLICATION:

Garden Lock can be premixed through stones/chips or spray applied directly onto surfaces

Pre mixing application:

- Ensure stones or chips are clean and dry before use
- Add the stones/chips into a clean bucket or barrow (with plastic liner) before adding the Garden Lock
- Wearing gloves, mix the garden lock in with the stones / chips for approx. 4 minutes until all the stones/ chips have an even and generous coating all over
- Place the stones/chips into the desired position and do not disturb area for at least 24 hours whilst the binding process takes place

Premixing consumption rate:
Ratio of stones/chips to Binder is 4% binder content
E.g. 10 kg of stones/chips to 400mls of Garden Lock

Spray application

- Ensure stone or chip surfaces are clean and dry before use, removing any loose debris or foreign matter where possible
- Using a garden pressure sprayer, apply an even and generous first coat over the surface to be treated
- Once completely dry, apply a second even coat
- Do not disturb area for at least 24 hours whilst the binding process takes place

Spray consumption rate:
0.5litres/m^2 per coat
1litre/m^2 for 2 coats

LIMITATIONS

- For best results ensure accurate amount of binder is used at all times
- Use product in its concentrated form/neat. Do not dilute
- Do not apply directly onto plants, leave at least 50mm clearance around the stem of the plant
- Not to be used in areas subject to foot/vehicular traffic
- Do not apply when rain is imminent

CLEAN UP

Warm soapy water

SHELF LIFE/STORAGE

- Store in a cool, dry place out of direct sunlight and off of cold floors
- Garden Lock is best used within 12 months from date of manufacture when stored as per the above conditions

CONTAINER SIZES

1L, 4L & 20L containers

AUSTRALIAN CONSUMER LAW:

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality, and the failure does not amount to a major failure. The benefits under our warranty are in addition to other rights and remedies available to the consumer under the law in relation to the goods and services to which the warranty relates.

DISCLAIMER:

All statements and technical information contained herein are based on tests we believe to be reliable, but the accuracy thereof is not guaranteed.
Users assume all risk and liability resulting from the use of the product and must confirm the suitability thereof by their own tests. Conditions of Sale contain a limited warranty against manufacturing defects.
