

Food Contact Papers

Direct food contact papers engineered for performance, protection and converting efficiency.

Domtar Specialty Papers Perform, Protect and Elevate Your Brand.

Backed by more than a century of papermaking expertise, Domtar is a leading North American manufacturer of forest products and a trusted partner to converters. Our food contact papers are designed for demanding applications, delivering reliable converting performance and dependable product protection. Proven when it matters most.

Bistro® Papers | Food Service & Retail

Bistro® Specialty Papers from Domtar are purpose-built for direct food contact, combining food safety with the performance that today's fast-paced foodservice applications demand. Engineered for outstanding barrier properties, strength and converting reliability, Bistro Specialty Papers consistently protect product integrity.

These papers enable bold, brand-forward packaging that performs. Made from renewable, responsibly sourced fibers, Bistro Specialty Papers offer a sustainable alternative to single-use plastic and non-renewable materials while maintaining maximum functionality, efficiency and visual impact.

- FDA direct food contact compliant
- Recognized for excellence in printability, laminating, coating and converting
- BPI® compostable certificate available on request
- Manufactured without fluorochemicals
- Strength for high-speed convertibility
- Independent, third-party certifications: SFI® Certified Sourcing, FSC®(FSC-C001844) Chain of Custody, SFI® Chain of Custody or PEFC Chain of Custody available upon request

Bag

Butcher Wrap

Freezer Base

Bistro® Papers | Food Service & Retail

Product	End Use Applications	Base Paper Features & Benefits	Basis Weight (24 x 36 / 500)	Colors
