

Ready, set, meet

With simple, best in class online meeting capabilities, Webex helps you to collaborate seamlessly with customers, partners, or employees wherever you are. Get started with video meetings that make you feel like you're in the room.

Join a Webex meeting

Join your way, whether that's with a computer, mobile device, phone, or video system. Click **Join** in the email invite you received to connect instantly.

New to Webex? Hello!

If this is your first Webex meeting, you can download the Webex app or click **Join** from your browser to skip the installation.

Host your first meeting

Ready when you are, Webex lets you schedule meetings in advance or start them straight away, giving you and your team maximum flexibility.

It's good to share

When you share your screen in Webex, everyone's on the same page, guaranteeing powerful collaboration and engagement across the board.

Get started

Keep the mystery alive

Work anywhere and let fantastic background blur and image options take care of your privacy and limit distractions for your team.
