Hi {profile.preferred_name}

Your match request for a donation to CANADIAN RED CROSS / CROIX-ROUGE CANADIENNE has been approved.

Remember that you can also donate to your favourite charity at any time – together we can make a huge difference!

[+ Add Another Donation](#)

How Your Donation Works

CANADIAN RED CROSS / CROIX-ROUGE CANADIENNE will be sent the match amount through our partner that handles donation processing. This happens by the end of the month that follows the approval of your request. That gives us time to group multiple donations to your chosen cause. By grouping all donations together each month, we save charities the time and money that it costs to process funds – so they see more of each donation! For more details, click 'View History' on the Donation History tab of your Dashboard page.

Your Comments and Donor Information

CANADIAN RED CROSS / CROIX-ROUGE CANADIENNE will see any comments that you attached to your donation on their online Charity Profile. They may see your name or contact info along with your donation amount depending on your Privacy/Sharing settings. You can change these settings at any time from your Profile page.

Help Your Charity Get Started

If this is the first time CANADIAN RED CROSS / CROIX-ROUGE CANADIENNE has received funds through Benevity, they will need to register at Benevity Causes. If you already have a relationship with them, you can help! Let them know they will receive a cheque from the Benevity Community Impact Fund, along with instructions for registering. Once they follow the instructions included with their cheque, they'll be able to see donation reports and reach out to more potential donors.
