About the Foundations Fees Schedule

This document provides a consolidated view of all amounts deducted from donations made to the charitable foundations that Benevity works with (“Foundations”). Please note that all amounts and fees indicated in this document may be updated periodically. If a Benevity client’s agreement rates differ from the rates indicated in this document, the rates in the master agreement will supersede the ones noted in this document.

Manual Check Fee

When a recipient Cause has not enabled an electronic method for payment, the funds it receives are subject to a manual processing fee. The fee applies only after a Cause has received two checks, in order to give it time to set up an electronic donation payment option.

Note: Checks will not typically be distributed to a Cause outside of the U.S. or Canada; such Cause outside of the U.S. or Canada will typically need to sign up for electronic payment via the Benevity Causes Portal in order to receive Donation Funds.

Manual Check Fee	Maximum Deduction Per Check
Higher of \$35 USD/CAD per check or 8% of the amount of the check	\$125 USD/CAD

Cause Support Fee

The Foundations deduct a portion from donations to cover administrative and operating expenses to conduct their charitable operations.
