report. If paid by the 15th of the month, the funds will be sent to causes. If not paid by the 15th, we'll alert you that funds have not been received and disbursement to the cause will take place during the next disbursement cycle following payment.

Your company will receive a monthly donation

Disbursement

platform to power giving and granting programs. So, we put all of your donations and grants

together with all the other funds going to a specific cause and send them a single, aggregated monthly disbursement (electronically whenever possible).

What does this mean for causes?

Instead of receiving thousands of individual checks,

causes receive a single, aggregated payment which

reduces administration and processing costs. And we disburse 90% of those funds electronically,

eliminating an estimated 450,000 checks from being

mailed and processed every year. That's important because, statistically, 4% of checks get lost. That's \$64 million in donations each year that would never make it to causes.

Causes receive access to millions of supporters in

corporate giving programs, streamlined donation disbursements, automatic donation matching, automated tax receipting, monthly consolidated electronic payments, donor reports and dedicated support when they receive donation's through Benevity's platform. This lessens their administrative burden

and helps causes get closer to realizing their important social missions.

including online giving, matching, volunteering, community investment and purpose-driven actions. Many of the world's most iconic brands rely on Benevity's award-winning cloud solutions to power corporate "Goodness" programs that attract, retain and engage today's diverse workforce by connecting people to the causes that matter to them. With software that is available in 20 languages, to a client community of 18 million people around the world, Benevity has processed more than \$5 billion in donations and 32 million hours of volunteering time and awarded over one million grants to 251,000 nonprofits worldwide.
