Power your corporate purpose *with Benevity*

Make it easier than ever to help your employees find purpose at work with our cutting-edge technology solution. Our goal is to make kick-starting and growing your CSR program effortless, so you can harness the power of employee volunteering, giving and matching, and micro-actions to attract and retain the best talent and amplify your impact.

52% lower turnover among newer employees who participate in their corporate purpose program

Flexible volunteering

Connect your employees with their communities, and each other, through ready-made volunteer opportunities — including virtual, in-person and skills-based. Our database, combined with our VolunteerMatch integration, means more access to personalized recommendations based on location, talents and interests.

Employee rewards

Reward your volunteers for their commitment to community with Dollars for Doers, or celebrate employee work anniversaries and exceptional impact on the job with donation seeding. These rewards can be offered throughout your organization and across currencies as a meaningful way to say thank you and incentivize more participation in your program.

Impactful giving

Empower your employees to give to the causes they (and your company) care about. You'll get access to over 2 million nonprofits worldwide, real-time matching and plug-and-play campaign content. Plus, enable payroll giving for one-click donations, without transaction fees. And if you use Workday, our certified integration can automate payroll donations.

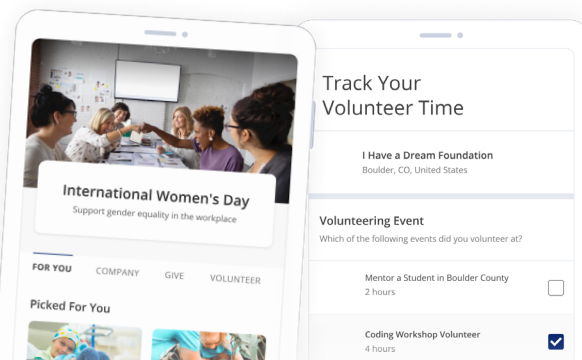

Micro-actions

Help your people take action on issues that matter to them with everyday, easy-to-do activities and learning opportunities through our micro-actions module. Use our pre-loaded libraries with topics like environmental sustainability, diversity and inclusion, mental health and more. Or create your own activities. Anyone can participate in micro-actions — regardless of income or location — making them the great engagement equalizer.

A world changing app

Engage more people by meeting them where they are — in the field, in retail stores or working from home. Whenever and wherever the inspiration strikes, the Benevity app (a Fast Company World Changing Ideas Finalist) lets your employees donate, log volunteer hours or track micro-actions in the moment.

Key platform features

A global (and local!) experience

No matter where your employees are, you can create a seamless experience for everyone with a 20+ language, multi-currency platform that can serve up localized giving and volunteering opportunities, and access to more than 2 million vetted nonprofits worldwide.

Engaging and relevant content

Whether it's Pride Month, a natural disaster or a crisis, if it's important to your people or in the news, we've got the content ready for you. Our content kits include giving opportunities, pre-written news items and curated lists of vetted nonprofits so you can activate your campaign quickly and with confidence.

Robust reporting

Easily monitor your program's performance against your goals with reporting that tracks employee engagement, impact and a whole lot more. You'll gain valuable insights that you can share with stakeholders and use to make informed decisions on your program strategy.

A better way to send funds

Benevity is the only provider with a proprietary disbursement platform. In human speak, that means we get funds to nonprofits with more accuracy and traceability. In fact, we send 90% of donations electronically and have an industry-leading payment success rate of 99.6%. Combined with easy bundled payments, this saves nonprofits hours of processing time so they can turn your employees' donations into impact, faster.

The most secure choice

Benevity leads the way in compliance — it's a key reason why companies with the strictest security standards choose us. Our dedicated security and governance and control teams maintain the most comprehensive set of industry-recognized certifications and attestations to ensure your data remains secure — including both SOC 1 Type II and SOC 2 Type II reports.

90%

of all funds (and 100% of global funds) are sent through Electronic Funds Transfer.
