Encourage meaningful interactions with your brand

✔ Easy to set up and easy to use

On your Community Impact Portal, you can choose the nonprofits you want to feature (or leave the choice up to the donor) and then invite anyone to give. You can even add a company match for anyone donating without a gift card. And it works seamlessly on any desktop or mobile device so anyone can give in the moment.

✔ Give and redeem donation gift cards

Gift cards make a great alternative to corporate swag, or a thoughtful gift for employees to share with family and friends. Recipients can redeem the gift card through the Community Impact Portal by searching for and selecting the nonprofit they're most passionate about. And then they can share their experience on social media.

✔ Empower people to engage their networks

Benevity's Friendraising feature means that employees can invite their friends and family to join in and power a collective movement through your brand using the Community Impact Portal.

People can search for and select a nonprofit that means something to them, or choose from one of your featured organizations or causes!

Rest assured that your people's donations are safely and securely delivered to vetted nonprofits.

Choose whether you'd like to offer corporate donation matching to instantly multiply people's impact and show you stand behind them!
